

PRE-CONFERENCE WORKSHOP | 2nd NAO CONCLAVE 2026

INTERVENTIONAL NEURORADIOLOGY

Hands-on Flow-Model Training • Didactic Masterclass • Case Galleries

18th September 2026

Novotel Bhubaneswar

Organized by Neurology Association of Odisha (NAO)
in collaboration with Ashwini Group of Hospitals

Aneurysm Coiling

Mechanical Thrombectomy

Intracranial Stenting

AVM Embolisation

Carotid Stenting

Neuro Hardware

For more about the conclave, visit 2ndnaoconclave.com

Limited Hands-On Seats • Register Early

Pre-Conference Workshop of the 2nd NAO Conclave • Workshop: 18 Sept | Conclave: 19–20 Sept 2026, Bhubaneswar

ABOUT THE WORKSHOP

18th September 2026 | Novotel Bhubaneswar

This full-day, pre-conference workshop brings together leading interventional neuroradiologists for an intensive, practice-focused programme. Delegates will rotate through hands-on flow-model stations and attend focused didactic lectures covering the full spectrum of modern neuro-interventions — from foundational hardware to complex endovascular technique.

✓ HANDS-ON FLOW-MODEL STATIONS

- Aneurysm Coiling — flow-model simulation of coil packing & framing techniques
- Mechanical Thrombectomy — device deployment on live-flow occlusion models

✓ DIDACTIC LECTURES

- Basics of Neuro-Interventional Hardware
- Intracranial Stenting
- Aneurysm Coiling — Principles & Technique
- AVM Embolisation
- Mechanical Thrombectomy in Acute Stroke
- Complex Carotid Stenting
- Tips for Navigating Difficult Vasculature
- Venous Strokes — Diagnosis & Management

CASE GALLERIES

Curated case discussions presenting real-world interventional challenges and outcomes, moderated by faculty — an interactive close to each session.

WHO SHOULD ATTEND

- Neurologists & neuro-interventionists
- Interventional radiologists
- Neurosurgeons
- DM / DNB & fellowship trainees in neurology and radiology
- MCh / DrNB & fellowship trainees in neurosurgery

FORMAT

Full-day programme combining rotating small-group, hands-on flow-model stations with faculty-led didactic lectures and moderated case-gallery discussions — designed for maximum one-on-one time with faculty.

FACULTY

National & guest faculty leading hands-on stations & lectures

Prof. Uday S. Limaye

Consultant Neurointerventionist, Lilavati & Hinduja Hospitals, Mumbai; Apollo Hospital, Chennai

- Focus: Pediatric neurointervention, complex neurovascular disease of brain, spine, head, face & neck
- Pioneering work on dural venous sinus thrombolysis — best paper, Eastern Neuroradiology Meeting, Ottawa 2005 & AAFITN, Sendai 2000
- Plenary lectures on neuro-interventional management of venous strokes — WFITN Venice 2005, Beijing 2007 & ALICE 2019
- More than 300 publications & presentations at national & international journals and conferences

Dr G Satheesh

Sr. Consultant & Clinical Lead – Interventional Radiology, Kauvery Hospital, Chennai

- Past: Sr. Consultant at Gleneagles Global Health City, Fortis Malar & Billroth Hospital, Chennai
- International fellowships: MSc (Neurovascular), University of Paris under Late Prof. Pierre Lasjaunias; FINR under Prof. Rene Chapot
- Focus: Acute ischaemic stroke, intracranial & aortic aneurysms, fibroid embolization
- More than 60 papers in national & international journals

Dr Kaushik Sundar

Clinical Lead – Stroke & Neurointerventional Services (Eastern Cluster), Narayana Health; Academic Head, DNB Neurology Programme

- Consultant Stroke & Interventional Neurologist; Faculty – FNB Neurovascular Intervention. DM (Neurology), PDF (Stroke & Neurovascular Fellowship), EXMINT, EDNI
- Focus: Stroke intervention; teaching fellows in stroke neurology; set up the core Stroke Team in Kolkata
- Research interest score 70.6, 75 citations, H-index 6; 21 articles, 4 chapters & 5 conference papers

Dr Sibasankar Dalai

Chief of Neurovascular Intervention, Medicover Hospital, Visakhapatnam — 20+ years experience

- Focus: Aneurysm coiling, AV malformation treatment, Vein of Galen malformation, DAVF embolization & mechanical thrombectomy for acute stroke
- Recognised proctor for complex neurointervention in India & at international meetings — LINNC Paris, World Live Neurointervention Congress, Brain Congress London
- A passionate educator and trainer who performs live neurovascular cases to advance awareness in the wider community

REGISTRATION & VENUE

WORKSHOP REGISTRATION FEE

Early Bird (till 14 Jul 2026)	₹ 500
Regular (15 Jul – 15 Sep 2026)	₹ 1,000
On-Spot	₹ 1,500

Workshop seats are limited to ensure quality hands-on time at each flow-model station. Early registration is strongly recommended. Fee is in addition to NAO Conclave 2026 registration.

DATE

18th September 2026

Friday

VENUE

Novotel Bhubaneswar

Bhubaneswar, Odisha

ORGANISING COMMITTEE

Dr Maya Gantayet — Organizing Chairperson

Dr Soumya Ranjan Pradhan — Organizing Secretary

Dr Tanaya Mishra — Jt. Organizing Secretary

CONFERENCE SECRETARIAT

Dr Soumya Ranjan Pradhan (Organizing Secretary)

Dr Tanaya Mishra (Joint Secretary)

Room No. 01, Dept. of Neurology, Aditya Aswini Hospital,
Chandrasekharpur, Bhubaneswar – 751017
